

St Martins Garden Primary

Installation of ActiVate pop-up ball court.

Site: 150 Frome Road, Bath BA2 2UN.

Synthetic System: Sand dressed multi-use turf.

Project Value: £90,000

Contract Period: 1 Week

key facts

- ✓ BS EN 15330-1:2013 Accrediation.
- ✓ This installation was the first of its kind in Europe.
- ✓ The innovative ActiVate ball court was funded by a local charity to provide the school with a much needed space for sport.
- ✓ The redundant playground was transformed in just three days and now boasts a fully floodlit multi-use games area which has been put to good use by the school's pupils and local community.

Working with Verde on this project has been fantastic. From the moment we started working with them they've really adapted to our school and have been really supportive in the way that we were wanting to put this facility on our site. Really approachable, easy to contact - as a school, it's been a very fluid project. We work with many different companies on many different projects but this has been one of the easiest in the current times.

*Claire Parfitt,
Headteacher, St Martins Garden Primary*
