key facts

- ✓ All pitches have achieved national governing body standards for sports safety and quality assurance. World Rugby IRB22 accreditation and FIFA Quality standard.
- ✓ The project won a Considerate Constructors Bronze Award, shortlisted for Best BIM Project award 2018 and SAPCA award 2018 finalist.
- ✓ Built at the university's Hillside Gardens, the sports hub has become the new home for UWE Sport – providing pitches for football, rugby, lacrosse, American Football and Ultimate Fris-bee.

“

The attention to detail from Verde is exceptional and the response time and reactivity of when we have wanted something completed on the project was brilliant.

From day one the project team listened to what we wanted for the project and completely delivered the vision.

*Laurence Gully,
Assistant Head of Sport, UWE Bristol*
